INQUIRY IS UNDER WAY

Many Citizens are Being Examined in Squire Jackson's Court.

The Authorities are Investigating all Forms of Law Violations.

The court of inquiry being held in Squire Jackson's court at the court house for the purpose of ascertaining whether or not there were any saloons open on last Sunday, or whether or not there were any other violations of the law, is the sole topic of conversation on the streets today.

The court is being conducted by John H. Kiplinger, acting for Deputy Prosecutor Carl V. Nipp, assisted by Squire Jackson. The court opened this morning and many people came to and from the room all day. In all about forty witnesses were subpoenaed and examined.

The authorities are not confining their investigation to the Sunday liquor law alone, but are searching for evidence of violations of the anti-cigarette law, the Sunday base ball law, the law against selling liquor to minors or the law prohibiting minors to loaf in pool rooms or to play pool. In fact any instance of anyone having seen any one violating any law is being looked into.

It is evident from the many witnesses being examined and to be examined that the investigation will bear fruit. It is the intention to subpoena and examine everyone in town. The citizens are being called into court in a systematic way. The names of each person in each business house is taken and subpoena issued. In this way but few people will escape the drag net. The investigation will continue for several days.

CHANGES MADE IN FOOT BALL

Spauldings' Official Guide Tells the Boys How to Play Ball This Season.

The changes in the football rules for 1905 for the most part bear upon more strict interpretations rather than anything that will affect the details of the play itself.

Under rule 6 relating to the scrimmage, a distinction has been made between act of the snapperback, or center, and act of any other player of the side in possession of the ball. If the snapperback makes a motion as if to snap the ball, whether he holds it or not, the ball is regarded as in play and the scrimmage begins. If any other player of the side in possession of the ball makes an attempt by a false start to draw the opponents off-side and the ball is then snapped, it shall be brought back and not regarded as in play or the scrimmage commenced.

A rule has been made that when a substitute is sent into the game, he cannot run on to the field and get into the line-up, but must go directly to the referee and report himself before he can be permitted to take his place.

Coaching from the line is now to be penalized by a loss of ten yards instead of five.

A note has been appended to the rule which states that the linesman shall notify the captain of the time remaining to play not more than ten nor less than five minutes before the end of each half, to the effect that there is no objection to the linesman giving the approximate time to the captain who asks for it at any time during the game. He may not, however, be asked for this more than three times within the last five minutes of the half.

IS PRACTICALLY DONE.

Threshing About Over—Wheat Seventy-seven Cts.—Farmers Cutting Clover.

Saturday may be said to have marked the end of the busy harvest season throughout the county. "Threshing is practically over," said one of the local grain dealers. "There is probably some wheat and considerable oats which will be threshed the first part of this week, but the amount will not be so terribly large." The price of wheat is seventy-seven cents and it seems likely to remain there for some time.

Corn is looking fine and is practically made. Without any additional rain a good crop is assured in the greater part of the county. Most of it is now in the roasting ear stage.

The oats crop was the equal of the wheat in quantity and quality, the general yield running from thirty to fifty bushels to the acre.

Most of the timothy hay in the county is made and many farmers are cutting English clover seed. It is not as good as last year when it made from two to four bushels per acre, and in some instances even more.

BOOKS FOR THE PHILIPPINES

Miss Effie Coleman Acts as Agent for U. S. Government to Buy Books.

Thousands of dollars worth of books are being shipped to the Philippine Islands. Much of the money being raised for this purpose is donated by the people living in the islands themselves, and it is used by representatives of the United States government to purchase books, which are suitable for the natives to read.

Miss Effie Coleman, of this city, who has been teaching in the Philippines for several years, acted as agent for the United States government to buy books which she thought suitable for libraries in that country. Miss Coleman was given about \$1000 for this purpose, and upon letting the publishing companies know that the reading material was for the natives of the Philippines, she was given almost another thousand dollars worth of books by firms in New York. Miss Coleman has received more money for this purpose after landing in this country.

This is certainly a good work, and the money for it is mostly furnished by the natives themselves.

WRESTLING BOUT AT OPERA HOUSE

Lewis and Ward Will Meet in This City on Saturday Night.

A full fledged wrestling bout will be pulled off in the opera house Saturday night. W. J. Lewis, Shelbyville's wrestler, will meet Wrestler Ward, of Cleveland, Ohio, in this city at that time.

This will be the first wrestling match pulled off in Rushville for several years and it will no doubt attract a large crowd.

Ward will weigh 130 pounds and Lewis 128 pounds. The man throwing the other two times out of three will be declared the winner of the contest.

David Flemming, manager of the Shelbyville Athletic Association, was in the city today making arrangements for the exhibition. Lovers of this kind of athletic sport are cordially invited to attend. The contestants will enter the ring promptly at 9 o'clock. A preliminary exhibition, either of boxing or wrestling, will be arranged. Ladies will be admitted free. Lewis is in training at Shelbyville and Ward is in training at West Baden.

COMPELLED TO TAKE A HAND

Governor Hanly Going After Fashionable Gambling Resorts.

Authorities at French Lick and West Baden Refusing to Act, Governor Moved.

Indianapolis, Aug. 8.—As a result, it is understood, of the determination of Governor Hanly to stop gambling at French Lick and West Baden, the casino at French Lick, where gambling has been going on, has been closed for the last five days. The closing of the casino is understood to have resulted from the action of Governor Hanly in sending two personal representatives to French Lick and West Baden to investigate the alleged gambling conditions down here. One of these representatives was R. Harry Miller of Fairmount, a personal friend of Governor Hanly, who is said to have spent about a month at the resort gathering data for prosecutions.

Governor Hanly said that he could not discuss the matter at all. He did not deny that he had sent representatives down there. "I cannot discuss the matter," was all that he would say. It is understood, however, that the information concerning the two representatives is substantially correct. The purpose of the investigations was to secure information upon which prosecutions could be based.

This action of the governor is thought to have come from his determination to stamp out the gambling at the resorts at all costs. The local authorities there have so far refrained from acting against the gambling, and the governor could not gain any results if he trusted to those authorities. Hence the special representatives that were sent.

The governor's desire to close these games is said to have been intensified by the fact that in his campaign for law enforcement in other parts of the state he received many complaints concerning West Baden and French Lick games, and the failure to enforce the law there. It is supposed that Miller is to file affidavits in Orange county, compelling the local authorities to act in the matter.

STATE NEWS

Made Successful Resistance.

Wabash, Ind., Aug. 8.—Charles Seeman, manager of a carnival company here all last week, was held up by two bandits, who endeavored to take from him \$600 in silver and a like amount in currency. The silver was carried in a grip and the bills in his clothing. Seeman was terribly beaten, but fought off his assailants and his calls for help brought men to the scene.

Serious Wreck at Ellettsville.

Bloomington, Ind., Aug. 8.—A wreck on the Monon at Ellettsville resulted in the loss of \$12,000 to \$15,000 by fire. A local freight was standing on the main track when an "extra" rounded a curve and ran into the rear of the local. Six cars of hay were fired and seven cars and their contents were burned. The Ellettsville station also burned, with most of its contents.

His Condition Precarious.

Clinton, Ind., Aug. 8.—James James, mine boss at the Crow Hill mine, was assaulted by three unknown Italians. He was struck in the head with a brick, over the shoulder with a club and was stabbed in the breast with a knife. The Italians made their escape. James is in a precarious condition.

Citizens Fight Fire.

Laporte, Ind., Aug. 7.—Citizens of Hanna, this county, turned out en masse to fight a fire which threatened to sweep the business section of the town. Two buildings were destroyed in addition to a number of cars, entailing a loss of \$4,000, with small insurance.

—Greenfield Star: Miss Myra Beale, of Rushville, is the guest of Miss Bertha Souder, of rural route six.—Miss Mary Frazee, of Rushville, is the guest of Miss Ethel Rees, of Hazel Dell Farm, south of this city.

BRANCHING OUT

Department of Domestic Economy Will be Added at Purdue.

Lafayette, Ind., Aug. 8.—Offering technical and scientific training to young women, similar to the opportunities given young men, Purdue university will add a department of instruction in domestic economy when school opens in September. The decision to do this was made by the board of trustees at its June session, and the matter was left to President Stone, who has just made the announcement. The move places Purdue in the foreground of technical institutions that give young women training in their particular life pursuit, and places the sexes on a level at the university, although the co-eds of the school are outnumbered 15 to 1 by the male students.

Systematic instruction in all phases of the art and science of household management will be under the direction of Miss Ivy Horner, a graduate of the school of domestic economy of the Kansas agricultural college.

EXCURSIONISTS' NARROW ESCAPE

Steamer "Sunshine" Sinks at Broad Ripple Park in Indianapolis.

Indianapolis, Aug. 8.—With an outing crowd of 200 employees of the Indianapolis Stockyards on board, the pleasure steamer Sunshine, plying in White river at Broad Ripple park, yesterday afternoon listed near shore and slowly settled on one side in fourteen feet of water. Happily no one was drowned, though there were several narrow escapes. The listing of the vessel was caused by the passengers, attracted by an incident on shore, crowding to one side of the boat. Many were thrown into the water, but it is believed all made shore safely.

A young woman waving her handkerchief at the excursionists was the innocent cause of the disaster. The crowd rushed to the rail to see her, when the vessel, overbalanced by the weight, commenced to dip water. Frightened, the crowd rushed to the opposite rail. Then the other side dipped and again the crowd shifted its position. The sudden lurching of the vessel caused the lower deck of the craft to part in two. This hurled scores of men into the water. Then the upper deck collapsed, precipitating more than a hundred men into the water. The vessel then sank and those who had not been thrown from the decks were washed off.

Scores of boatmen and workmen from Broad Ripple rushed to the rescue and succeeded in getting all out of the water, save perhaps one or two. Lora H. Whitson of Russellville, Ind., was reported missing last midnight and friends who were with him on the ill-fated steamer believe him dead. The river was dragged this morning in the hope of recovering the bodies of any passengers that might have been caught beneath the wreckage.

Additional Local News.

Ed Smith is quite sick at his home on North Arthur street.

Master Dwight VanOsdol, who recently re-broke his leg, is improving nicely.

The Rushville Tennis club has received several invitations to meet the Greensburg Association on the grounds for a tournament. These invitations will likely be accepted when the players here are able to get in sufficient form to meet their opponents.

Deputy Prosecutor Carl V. Nipp is busily engaged with moving his house, recently purchased of Owen L. Carr and making other improvements to his property, and Prosecutor Bassett has instructed the police to file affidavits with John H. Kiplinger, who will act as deputy prosecutor. Mr. Nipp asked to be excused from duty also during the trial and preliminary work in the case against Oliver O. Jones and Mr. Kiplinger will act for the State instead. Mr. Nipp was Mr. Jones' attorney before his arrest and did not wish to take the other side in his case.

THE CITY HAS AMPLE FUNDS

New Orleans Not Financially Handicapped in Its Struggle.

Marine Hospital Service Under Authority of President Now in Complete Control.

New Orleans, Aug. 8.—Official report to 6 p. m.: New cases yesterday, 32; total to date, 565; deaths yesterday, 8; total to date, 113; new sub-foci, 4; total to date, 97.

New Orleans, Aug. 8.—With the marine hospital service under the authority of President Roosevelt in complete control, the scientific fight to eradicate yellow fever from New Orleans before frost, heretofore the only prophylactic, has taken on fresh life, and with ample funds, the best available talent and an army of willing workers at his back, Dr. J. H. White, surgeon in charge, hopes for a successful termination of the struggle. The state and city boards of health both pledge all the assistance of the forces under them to Dr. White in his undertaking. Dr. White said the transfer of details would be gradual so that there might be no interruption in the work now in progress. The shifting of authority is expected to be complete by tonight.

It was announced that the marine hospital service would take up, as soon as the settlement of details will permit, the receiving and compiling of the daily reports. An impression has prevailed in some quarters outside of New Orleans that all the cases occurring were not made public. That impression has been entirely unjust, but in order that there may be perfect confidence throughout the country that an accurate statistical statement is being made daily, Dr. White and the whole public desires that hereafter these announcements shall be made under federal authority. In this connection a statement some time ago appeared in many newspapers throughout the country that although the New Orleans health authorities had announced only a total of fifty deaths, the marine hospital report had put the figure at more than 200. Dr. White, in reply, states that no such statement was ever given out by his department; that no such number of deaths had occurred, and that the figures furnished daily by his department were correct.

There was a prompt response to the appeal of Chairman Janvier of the citizens' committee for additional subscriptions to the citizens' fund to the end of raising the quarter of a million dollars desired by the government. Checks poured steadily into the office of the committee. In addition to this appeal Mr. Janvier took steps for state aid. When Governor Blanchard came here for conference with Dr. White and the health officials three weeks ago he said that should the emergency warrant it, the state could be depended on to do its share toward furnishing the funds necessary toward prosecuting the fight to a successful finish. Yesterday Mr. Janvier wired the government, saying the emergency was here and that the state's assistance has been pledged to the government to assist in raising the money desired. In similar emergencies in the past the governor has consulted the members of the legislature by wire and secured their pledge of support of legislation to reimburse the fiscal agents for money borrowed from them. As the whole state is interested in the present campaign, it is assumed that in twenty-four to forty-eight hours the governor will have all the backing he desires and that Louisiana's contribution of at least \$50,000 will be made. Unsolicited checks have been sent here from other parts of the country to the fund, which will be fully subscribed, it is believed, before it is wanted.

The grade for the L & C. tracks directly east of the power house, has been extended almost to Frame's woods. The dirt for the work is being hauled from Herkless' gravel pit, which is situated on the other side of the Great Central tracks. About twelve men and as many teams are now engaged in building his grade, and it will be extended to Flatrock within a few weeks.

FIRE LOSSES.

Reports Show Few Companies Have Made Money This Year.

That the fire insurance companies doing business in Indiana started the year under a cloud so far as their Indiana business was concerned by all who have given the matter any thought, but the extent of the losses in this State as compared with the premium receipts was not realized by any except the companies affected until the semi-annual statements of the companies on which their taxes are based began coming into the auditor of State. One-half of 106 companies authorized to do business in Indiana have already sent in their reports and of these 53 companies, not more than five or six have made money on their business of the first six months of the year, allowing 40 per cent. of the premium receipts for expenses. Of these companies that have already reported, seven have actually paid out more in losses than their total premium receipts in the State during the last six months, and many other companies, some of them among the most prominent represented in Indiana, have margins of premium receipts over losses paid so small that their taxes amount to less than \$50.

FORTY PEOPLE ARE KILLED

Big Department Store Building Collapses at Albany, New York.

Albany, N. Y., Aug. 8th.—The department store building of the John J. Meyers estate, at No. 34-41 North Pearl street, collapsed from roof to cellar today, when three hundred people were at work in the building. The whole force of men, women and children were carried down. This appalling accident created the greatest excitement and confusion. It is believed that at least forty persons were killed outright. The work of rescuing the unfortunate victims is in progress.

KNIGHTSTOWN IS DECIDEDLY WET

Four Saloons Are Already Doing Business and License is Wanted.

The New Castle Courier of Monday says: The county commissioners went into session today for the purpose of taking care of the regular business matters which usually come before this body. One thing in particular that will receive close attention is the liquor license application of John E. Copeland, of Knightstown, who wants to be a saloon keeper so badly that he can't do anything else. Already there are four saloons at Knightstown and each one is doing a big business. The profits of these four, it would seem, are to be divided with the fifth so that all may stay in business.

Copeland was granted a license a year ago. At the time it was thought that Alex McCarthy was back of the movement, but Copeland was successful in getting the license. Shortly after that he sold the saloon to a man named Smith and again Alex McCarthy's name was mentioned as the man who received the money realized on this transaction, but there is no actual proof of this.

The commissioners are just a little bit leary of this fifth Knightstown license and it may be that they will defer action on it until some future time.

WILL HAVE A CLEAN FAIR

No Law Breaking Will be Permitted at the Rush County Fair.

Other Towns Fear That No Gambling and Liquor Selling Will Kill Fairs.

Secretary W. L. King of the Rush County Fair Association, says that the people may rest assured that the fair this year will be a clean one through and through. The Rush county fair has always had the reputation of being one of the cleanest and best fairs in the State, and the management is desirous of maintaining this reputation.

All of the men connected with the fair are of excellent moral character. They will not permit immoral shows to locate upon the grounds. They intend to see to it that all intoxicating liquors are kept off the grounds and they will permit no gambling of any kind.

Since Governor Hanly made it so warm for the bookmaking gamblers at the State fair grounds, officials have become cautious and have given notice to fair managers in many places that gambling and liquor selling would not be permitted on their grounds. This has given rise to a fear that the fairs where these things are cut out will not draw and even some of our exchanges are making the claim that these are the features that draw people to such gatherings and that without them the fairs will prove failures, financially and otherwise.

It would be a good time to analyze what fairs were designed for in the first place. There is an old-fashioned notion that the primary thought was (since county fairs are necessarily located in largely agricultural districts) that the people came together to exhibit the products of their farm and garden, their crops, stock, etc., and to meet socially for mutual pleasure and profit. There were just such fairs in the by-gone days and they are still possible. Yes, there was racing. The youth of the vicinity were ambitious to show what their favorite colts or horses could do in the way of speed so the speed ring was designed and added. It is necessary to the fair as necessary perhaps as any adjunct, but that is in no sense saying or admitting that professional horse racing, book-making or gambling are necessary to success.

The Rush County Fair Association will demonstrate three weeks from now that fairs can be run without the objectionable features mentioned.

CHURCH NEWS

The Christian Endeavor of the Main Street Christian church will give a lawn fete on the church lawn next Wednesday night.

The revival meetings being held at the Arlington Christian church are drawing large crowds of people. Rev. Schultz, of New Castle, and Rev. McKane, of Indianapolis, are conducting the services.

The work is progressing nicely on the foundation for the new U. P. church.

The county commissioners spent the day in viewing the new bridges which are being built near Carthage.

The large barn owned by Harry Goldan, near Gwynneville, burned to the ground Saturday morning about ten o'clock together with the contents. The loss amounts to several hundred dollars. The origin of the fire is a mystery.

The Rev. John Sharn, superintendent of the London Bible Society's publication work, which embraces 390 languages and dialects, is to receive a presentation on his completion of twenty-five years of service shortly.

A MILITANT MINISTRY

**Veedersburg Preachers Go After Law
Violators Personally.**

Veedersburg, Ind., Aug. 8.—A saloon and preacher mixup of a few nights ago has just been made public. It appears that the Rev. A. W. Gehres and the Rev. W. K. Richardson, both of this city, united in a crusade against the saloon business and a few nights ago went to investigate matters for themselves. They hid themselves in an empty box-car where they could easily observe any law violations by the saloons. In this they were detected by friends of the saloons, and when they started home at a late hour they were followed by two men.

Near the Wabash clay works the two strangers accosted the two ministers and demanded to know who they were. A free-for-all fight ensued, in which the Rev. Mr. Gehres gave one of his assailants a good thrashing. The Rev. Mr. Richardson, who is much smaller in stature than Mr. Gehres, was held by the second man, but received no injuries. The two ministers recognized the highwaymen as two saloon men of the city. An attempt will be made to acquaint the grand jury with the case and interesting developments are expected.

He Gave Up the Fight.

Lafayette, Ind., Aug. 8.—Without overcoming the barriers raised by the blanket remonstrance, the liquor element of Launium township has won a victory that may have some effect on the temperance situation. F. W. Elliott, editor of the Clarksville News, has given up his fight against liquor and left the town. He led the temperance forces, and it was through him that the work started by Harry Shaffer at Clarksville was perpetuated. Recently he had been disturbed by the lawless element of Launium township, and he was warned to stop the prosecution of liquor interests.

Extension of Interurban.

Wabash, Ind., Aug. 8.—The management of the Indiana Northern Traction company, which is operating the Wabash-Marion interurban and is preparing to extend the line north to Warsaw, has submitted specifications to the rail mills and bridge companies for estimates for the steel needed on the extension from Wabash to North Manchester, fourteen miles. All of the right-of-way has been obtained and the franchises in all the towns are arranged for.

Receiver Ready for Business.

Terre Haute, Ind., Aug. 8.—Charles S. Andrews, the Brazil banker who was appointed receiver of the Vice National bank, has given a \$50,000 bond with a security company as bondsman, and will take charge Thursday.

It Stirs Them Up.

Shanghai, Aug. 8.—The boycott on American goods is becoming so burdensome to the trade of all nations here that the general chamber of commerce has telegraphed to the dean of the diplomatic body at Peking and the China association has wired Sir Ernest Sato, the British minister, asking them to endeavor to persuade the Chinese foreign office to interfere and prevent further injury to trade.

Bicyclists Interested.

New York, Aug. 8.—Despite the extremely hot weather more than 3,000 cycle enthusiasts were in attendance at the opening meet of the season at Madison Square Garden last night.

Tourists Encounter Snow.

Innsbruck, Austria, Aug. 8.—There has been a heavy snowstorm throughout the inner Ziller valley. One hundred and forty tourists are snowbound.

Condition Is Encouraging.

New Orleans, Aug. 8.—Archbishop Chapelle, who was stricken with yellow fever, is reported as doing well. He will pass the crisis today.

Mysterious Murder.

Washington, Aug. 8.—Clair Bain Hamilton, aged eighteen years, son of a well-known farmer of Charters township, was found dead at an isolated spot near Meadow Lands with a bullet through his heart, fired by some unknown person. Young Hamilton left the home of a young lady on whom he was calling at 10:30 Sunday night, intending to take the last car for his home. While crossing a vacant lot on the way to the car he was shot and fell forward on his face, death coming instantly. The motive for the murder is not known.

Made Business Good.

Magnolia, Mass., Aug. 8.—Mr. Witte, accompanied by Mr. Wilenkin, Russian financial agent, en route to Portsmouth, spent an hour at the Russian embassy, located here temporarily. The Russian envoy arrived from Boston in an automobile, and after paying his respects to Baroness Rosen, wife of the ambassador, had a long conference with several members of the embassy. It appeared as though he transacted considerable official business, as the attaches of the embassy were extremely busy for some hours after his departure.

Against Murder Suspects.

Detroit, Aug. 8.—Harry Johnson, one of the two men arrested in Cleveland Friday on suspicion of knowing something about the murder of Pawnbroker Joseph Moyer, July 28, has been identified as having been in the Moyer pawnshop just a few minutes before Moyer was found dying.

Died of Her Injuries.

Lafayette, Ind., Aug. 8.—Mrs. W. H. Turner is dead as the result of injuries which she received Wednesday in a runaway accident. Mrs. Turner was seventy-one years old.

Russians Score a Point.

St. Petersburg, Aug. 8.—An official dispatch from General Linevitch reports that on Aug. 2 the Russians approached the villages of Nanchenchensi and Suisuluchua, forcing the Japanese to evacuate their frontal positions and retreat to their fortifications. The following day the Japanese advanced, but were forced to retire. On Aug. 2, also, the Russians drove the Japanese from the village of Landunchensi, twelve miles south of Taogau.

Shea Has Opposition.

Philadelphia, Aug. 8.—While the delegates to the annual convention of the International Brotherhood of Teamsters, in session in Odd Fellows Temple here, have had a rather busy day, nothing has occurred to indicate the sharp fight that it is predicted will be made against the re-election of President Cornelius P. Shea of Boston. President Shea is opposed by Edward Gould of New York and Michael Casey of San Francisco.

VIVID FIRE SCENE

Blaze in Hoboken Docks Affords a Brilliant Night Spectacle.

NEAR A MILLION LOSS

The Lackawanna Railway Terminals Suffered the Greatest Damage From Spectacular Blaze.

Flaming Ferry Boats Floating in the Stream Lent An Element of Interest.

New York, Aug. 8.—Inside of three-quarters of an hour late last night fire swept away the Delaware, Lackawanna & Western Railroad company's terminal in Hoboken, seized two ferry-boats and practically ruined them, and for half an hour threatened the destruction of the entire water front in the vicinity, including the Hamburg-American and North German Lloyd steamship docks, at which several big ships were lying. It is impossible to estimate the property damage, but it will be heavy, reaching probably near a million dollars. So far as known no lives were lost.

For over an hour huge tongues of flame leaped from the wooden structures on the Lackawanna docks, lighting the New Jersey and New York water fronts. For a time it threatened a loss larger than that of the big dock fire of several years ago, when the North German Lloyd piers were destroyed with a great loss of life.

Blazing ferry-boats, cut from their docks, floated in the river, wandering fire-ships, which for a time endangered shipping in the river. The fire started on an old wooden ferry-boat and swept by a northerly breeze, communicated with the ferry-house, spread the main building of the Lackawanna and then to the Dunes House, a famous Hoboken hostelry. The hotel was a frame structure and was ready prey for the flames. By this time the flames were spreading in all directions utterly beyond the control of the few fire fighters who had responded to the first alarms.

Following the hotel the structure of the Public Service Corporation, the streetcar operating company of Hoboken, Jersey City and nearby places, went down before the flames.

Fire aid was quickly summoned from Jersey City and New York, the former city sending all available engines and the latter dispatching two fire-boats. With this extra force the Hoboken firemen were able to prevent the fire from spreading through lower Hoboken, while the fire-boats held the flames in check along the water front. While the fire was held by the firemen to the north and west, it was spreading along the freight piers to the southward, where only tugs and fire-boats from Manhattan could attack it. Here it caught the new immigration station. This building was of brick and stone and had been occupied only two weeks. It cost \$70,000 to build and was supposed to be fire-proof, but was soon a mass of fire, the interior burning rapidly. Only a few persons were in it at the time of the outbreak and they were hurried out. Just as the alarm was given the men on the railroad terminal bridges were making ready for the arrival of boats from New York. The captains of the approaching ferry-boats, however, saw the fire and stopped their heavily loaded crafts.

They Had to Go Back.

New York, Aug. 8.—An attempt to wed a married woman who came from Germany on the same steamship with him caused a deportation order to be issued for George Reichold, a young German. He arrived here recently on the steamship Bulgaria and wanted the immigration officials to marry him to Rosa Blunk, a fellow passenger. The officials claim to have discovered that a husband of Mrs. Blunk was still living in Hamburg, Germany, and in the order deporting her they also included her fiancé.

Prompted by Jealousy.

New Philadelphia, O., Aug. 8.—Suffering from terrible cuts inflicted with a hatchet, Maud Shaffer was found in her home in what at first was thought to be a dying condition. Later Harvey Colvin, whom Miss Shaffer accuses of having inflicted the wounds, was found in the same house, under the influence of carbolic acid which he had swallowed. Colvin died shortly afterward, but Miss Shaffer it is believed will recover. Jealousy is said to have prompted the deed.

Missoula Practically Isolated.

Missoula, Mont., Aug. 8.—Strike conditions on the Rocky Mountain division are regarded as serious. Some passenger trains are coming into division headquarters on time, but others are from four to six hours late. Wires, commercially and otherwise, have been broken during the last few days and Missoula has been practically isolated.

Soda Water Tank Lets Go.

Minneapolis, Minn., Aug. 8.—The bursting of a tank highly charged with carbonic acid gas attached to the soda fountain in the drug store of A. B. Crowell of this city, last night caused the death of W. L. Hughes, a young clerk, and injured one other person.

TALKED WITH MORGAN

President Has Caller in Person of Big Financier.

Oyster Bay, N. Y., Aug. 8.—J. Pierpont Morgan of New York had a conference with President Roosevelt, lasting an hour and a half. The president himself is authority for the statement that it related practically entirely to the case of the Hankow railroad in China, a controlling interest in which is owned by J. P. Morgan & Co. Incidentally, and as relating in a measure to the railroad interests held by Americans in China, the pending peace negotiations formed a topic of consideration by the president and Mr. Morgan. The president and Mr. Morgan discussed fully the Hankow railroad concession. Several months ago the same question was taken up by the president and his cabinet and considered thoroughly. An effort is being made by the Chinese government to purchase the concession from the American-China Development company, which owns the railroad and the contributory concessions. A proposition has been made by the Chinese government to the American-China Development company to purchase the Hankow railroad and the extension concessions. It is understood that the price offered is about \$7,000,000. Some of the American holders of the stock are inclined to accept the proposal, but the European holders, who have a minority of the stock, insist that the railroad and its concessions be not sold, but remain in control of Americans. A meeting of the board of directors of the American-China Development company is to be held in Jersey City on the 29th inst., and it is expected that at that time a determination will be reached as to the acceptance of China's offer.

THE PEACE ENVOYS

Portsmouth Again Ready to Welcome Distinguished Visitors.

Portsmouth, N. H., Aug. 8.—Although the navy-yard settled back into its accustomed routine somewhat earlier than the residents of the city, following announcement of the delay in the arrival of the peace envoys, the operators in the wireless stations had a very busy day yesterday trying to pick up the Dolphin, which has the Japanese envoys on board.

Last night an answer to the numerous calls was received, stating that at dark the Dolphin was off Cape Cod, seventy-five miles away. She was steaming slowly and those on board thought that the cruiser would reach the harbor about 9 o'clock this morning.

Mr. Witte arrived in this city last night from Boston at 11:15 o'clock, coming in a special car attached to the regular Bar Harbor express. He was enabled to avoid a crowd of several hundred people assembled at the railroad station through the train stopping at a crossing about a quarter of a mile from the depot. Mr. Witte was met by Herbert D. Peirce, son of the third assistant secretary of state, who in Russian informally welcomed the distinguished visitor.

Governor McLane's secretary, Mr. Moses, was also present. Three automobiles were in waiting, and the party was at once taken to the Hotel Wentworth, about four miles distant.

Spectacular Parade.

Manila, Aug. 8.—A large spectacular parade was held in honor of the visit of the secretary of war, Taft, and party. Ten thousand men were in line, including military, marines, sailors, industrials and thirty provincial delegations. There were fifty floats and eighty bands in line. The parade was three hours passing the review stand. Secretary Taft, Governor General Wright, Major General Corbin, Rear Admiral Train and Miss Alice Roosevelt and the resident foreign representatives were in the reviewing stand.

Searched in Vain for Body.

New York, Aug. 8.—In sight of hundreds of elevated and surface car passengers on the Brooklyn bridge, a well-dressed man whose identity is unknown, leaped from the bridge last evening. Policemen in a rowboat searched in vain for the body.

GERM DISEASES OF SUMMER

No one Need Fear Sickness if Mi-o-na is Used.

It is the person with the weak stomach who first falls victim to the germ disease of summer.

People with strong stomachs and natural digestion are ordinarily not subject to bowel troubles, diarrhoea and other germ diseases that are so common and dangerous in the summer months.

A Mi-o-na tablet taken before each meal will give such health and strength to the weakest stomach that the whole system will become strong and well, and so clean and sweet that there will be no chance for disease germs to become active. Mi-o-na acts directly upon the whole digestive system, soothing and healing the inflamed stomach lining, strengthening the nerves of the solar-plexus, and building up good flesh, firm muscle and perfect health.

A great many people imagine that their headaches, dizziness, heartburn, or general dyspepsia and weakness is a sign of fatal illness, when the whole trouble is the direct result of a weak stomach and imperfect digestion. A 50c box of Mi-o-na tablets will show by the great gain in health that the stomach is the cause of the poor health, and that Mi-o-na is the only remedy that will drive out all weakness, debility and disease.

Mi-o-na is so nearly infallible in curing the diseases resulting from a weakened stomach, excepting cancer of the stomach, that F. B. Johnson & Co. guarantee to refund the money should the remedy not give perfect satisfaction.

The Glenwood Incorporation Discussed.

Glenwood is a beautiful little village, beautifully located on the C. H. & D. railroad, midway between Rushville and Connersville and on the dividing line between the counties of Rush and Fayette, intersected by splendid gravel roads north, south, east and west. Glenwood is a town of about two hundred and seventy-five inhabitants (inside of corporate limits) of as good people as can be found anywhere in the State. The town is on the summit-level which is much higher than either Rushville or Connersville making it a much healthier location. Its citizens are made up of active and retired farmers, widows, women with a few business and professional men. There is in our town a few who have plenty of the filthy-lucere, others who are well-to-do and some who are called poor (wagmen) and taken as a whole, there is no place or town of this size with a better, quieter, more law abiding class of people than is found here. I will challenge all and everybody to point out one town anywhere incorporated or unincorporated that has a better class of citizens (per capita) than our little village has. Our citizens that are called poor are a splendid class of wagmen—honest, industrious, self-sustaining and highly respected. We have no paupers, cut-throats or house-breakers in our town.

In regard to the incorporation of our town, the people are divided and honestly so. Those opposed to incorporation should not be branded with all the mean things said and done, as toughs, etc., for the pot can not call the kettle black.

Oh, how self-important some of our incorporationists are right now. They claim all the business men and members of the churches are all for incorporation, and that the Republicans lean that way too. Now, why not tell the truth? There are business men, church members and Republicans who oppose incorporation. They are not all on one side by any means. It can be said without fear of successful contradiction that a large majority of the tax payers owning property in the town are opposed to the incorporation of the town, the facts are that seventy-seven votes were cast at the election and just thirty-one were property owners and taxpayers living in the town. But there are more property owners than thirty-one living in the town, but they are widows and a few married women. Also, there are men and women who own property inside of Glenwood who are not residents of the town, and could not vote at the election and can only enter their protest against the incorporation by a petition of remonstrance which they did, and filed it before the County Commissioners at their term of court in June last. Think of it, seventy-seven votes cast, thirty-one were property owners and forty-six of the seventy-seven voters were not owners of any property. The remonstrance are in the majority so far as tax payers are concerned. Also they claim the election was illegally conducted. The inspectors saw proper to split the ballots claiming they would have a great advantage over the anti-incorporationists by so doing. (Remember, reader, that the whole board was for incorporation. It was not a divided board.) These ballots were split in two, making two out of one. One half was put in the ballot box, the other was put in one of the inspector's pockets by the inspector himself.

Now the question is, will our court sustain the inspectors in this kind of procedure; and if it does what is to hinder other election boards from doing likewise?

Our little town had the reputation of being populated by good people who are honest, industrious, law-abiding and charitable, and no one ever heard or thought otherwise until some of the incorporationists commenced to blow their horns and brand the good citizens as toughs.

Shame on you, incorporationists, for branding your good citizens as toughs. Why not stand up for your town and sing its praises instead?

The rain last Saturday night not only was beneficial to the people of this community in making the crops grow but it also acted as a public scavenger. The streets of this city were made clean by the heavy down-pour of rain, and much trash and filth was washed down the sewer pipe.

Greensburg Review: Fred Hillgoss, the well known Rushville race horse man, arrived there today with a string of horses from Osgood, where he had them entered in the Ripley county fair. Mr. Hillgoss' best horse here this season is Sallie A., and is entered for the 24 pace.

The C., H. & D. is not losing any time in putting its road bed and equipment in shape to meet any competition the traction line may offer when it is finally completed. The entire line is being re-layed with eighty-pound rails, all the bridges are being rebuilt, and many new and larger freight and passenger engines have been contracted for.

An attempt to capture a "horse thief" will be the feature of the reunion of the Horse Thief Detective Association of Hancock county, that will be held at Spring Lake Park, August 19. If the imaginary thief is captured, he will be tried and the sentence of the judge carried out. Besides this there will be the usual games and contests.

The mysterious disappearance of Miss Lettie Smith of the Hotel Ray at Shelbyville, on last Saturday night, has caused considerable excitement in that city. Miss Smith left the hotel about 7 o'clock, presumably to attend a dance, near Prescott. She was last seen by the night clerk of the hotel. Since that time nothing is known of her whereabouts. The supposition is that she has committed suicide.

The following from the Greensburg News will be of interest to Rushville people as Mr. Willard formerly was a clerk in the Silberberg store here and is tolerably well-known: Clyde Willard, the genial manager of Swift & Hamilton's skirt factory, suffered a painful injury Saturday afternoon. He was in the back part of the store when he stepped on a nail going clear through his shoe and into his right foot about an inch.

That manager Wallace R. Cutter has justly gained the name of "The Aristocrat of the Repertoire," there is no doubt and his company is among the early bookings at the city opera house for fair week, during which time the latest metropolitan successes will be produced together with fashionable vaudeville between the acts. Never before in the history of the local theatricals has a stronger popular priced company been offered to our theatre goers and a highly successful week is assured. The prices have been placed within the reach of all, namely 20, 25 and 35 cents and ladies free the first night only.

Connected with the Great Lemon Bros. Show there is in all probability, the grandest and greatest Hippodrome ever seen on any ellipse since Rome exploited the first. Scores of fearless horsemen and horsewomen, teams of horses, blooded and in their prime; Arabian and Kentucky thoroughbreds, fleet of foot and handsome. There are Roman, standing and Chariot races, two and four horses; there are Steeplechases, Hurdle races, Flat Trotting, Racking and Running races. There are pig and pole, sack and wheelbarrow, man vs. horse; Whippet Dog, Indian vs. Indian, Pony, Obstacle, Pony and Monkey, Clown, Mule and Goat Races, Elephant and Camel, Deer and Hound, Man vs. Man, and Woman vs. Woman Races. In a word, all kinds of races ever run will be duplicated and many novel ones introduced at the Great Lemon Bros. Shows, at Morristown on August 12th.

John E. Meredith's new house on North Harrison street is rapidly nearing completion.

The will of Jesse Norris was probated yesterday. The estate amounts to about \$2500, and Bert Norris is named as executor.
